

1. Whole UHT milk + four ribonucleosides + four amino acids;
2. Whole fat UHT milk + yeast extract;
3. Skim milk + yeast extract;
4. Skim milk + four ribonucleosides + four amino acids + ferrous sulfate;
5. Skim milk + adenosine and guanosine + four amino acids + ferrous sulfate.

*Fig. 1*

1. 10% Skim milk;
2. 10% Skim milk + four amino acids + four ribonucleosides + ferrous sulfate;
3. Whole fat UHT milk;
4. Whole fat UHT milk + four amino acids + four ribonucleosides + ferrous sulfate.
